October 2017

Dear Parent

We are pleased to announce that on the 26<sup>th</sup> October 2017, we are having an “Employability Day” at The Roundhill Academy. The day will involve an organisation called “Be-Employable” coming in and working with our Year 11 students on how they can become employable. Below is some information about the organisation and the work it does.

“Be-Employable” is a dynamic forward thinking national training organisation supporting both individuals and groups on a range of both employability and careers related subjects. Engaging and innovative in its delivery, Be-Employable continually looks for solutions to ensure users have the best knowledge and training to be in sustainable employment. Working across a range of age groups from young people, graduates, and professionals to the unemployed, Be-Employable offers a service for all.

The day has been organised to give our students an insight into what is required of them when they take that next step and to ensure they are fully prepared. The day will consist of talks from professionals in industry and education as well as the interactive workshops to boost our students knowledge of the working world and Post-16 providers.

Yours sincerely

Nisha Karia  
**Teacher Science/KS5 Careers Co-ordinator**
