Principal: James Tickle

28th August 2018

Dear Parent / Carer

As part of our commitment to informing parents/carers about student progress whilst at school, we have an online system called GO 4 Schools, which enables you to view your child's progress online and access the following information at any time:

- **Real-time attainment information** – marks, minimum expected outcomes and progress information for all subjects throughout the year.
- **Timetable** – your child's daily and weekly timetable.
- **Attendance** – shown from the start of the academic year.
- **Behaviour information** – updated as events occur.
- **Progress reports** – four times a year.
- **Homework module (NEW)** – details of all homework set and due date.

Your child's page is constantly updated, providing you with the latest information.

Now that we have added the homework module we would encourage all parents to access GO 4 Schools so that you can support your child in keeping track of homework. Your child has been given a letter providing full details of how they can also logon to GO 4 Schools. If you are not currently using GO 4 Schools, the system requires you to use a computer connected to the internet to log into and view your child's attendance, homework, progress and behaviour record. If you have more than one child at school you will be able to see both children's records using the same login. The GO 4 Schools system does not replace our normal methods of contact with you.

There are two ways to access the site, either via the GO 4 Schools link on our website, or go to www.go4schools.com and click on the Parents icon at the top of the main page to access the login screen. The email address you use to enter the system must be the one we have registered in our database for you. To request a password for GO 4 Schools, please enter your email address into the First-time User field and click 'Please send me a password'. A randomised password will then be generated and sent to your email address. You will then be able to log onto the site and view your child's page. This password can be changed anytime once logged in by clicking on the settings tab. There are a number of security measures in place so that only those parents/carers linked to each child can access the information. Should you forget your password, you can request a new one is emailed to you on the login page. If you experience any problems accessing the site as a first-time user, please contact the Roundhill Academy data office on extension 236.

To conclude, accessing GO 4 Schools will enable you to look at your child's progress in greater depth and with greater regularity. We believe this will strengthen the partnership between yourselves and the school leading to improved outcomes for students.

Yours sincerely

R.Wright

Jump to: Ongoing and recent (within 7 days) homework tasks
Extended Homework tasks with minimum guidance time being 60 minutes
Homework tasks due at least 7 days ago (Pending/Incomplete)
Homework history

Homework
Homework due in the next 7 days will be shown on the student page, with the option to **View full list of homework tasks.**

On the full homework page for the student you choose a subject view/filter, or you can "Jump to" your chosen section of the breakdown below.

The full homework list is split into the following sections. Ongoing and recent, tasks with a minimum time of 60 minutes, tasks due 7 days ago and homework history.

If the task has tracking enabled, it will only move to homework history once marked as Complete, Late or Students absent when set.

If the status shows n/a then tracking is not enabled and the task will move to homework history once the due date has passed.

Behaviour Data

The first table shows the last 5 events recorded for your child, but you can also view a full history for the current academic year by clicking on the 'All events in…' link. The following charts show your child's behaviour over time, the bar chart shows the weekly scores and the line graph shows the cumulative scores for the year.

Progress Reports

This shows grades for your child as they were captured by reports and compares them against current grades. At the bottom of each report column you can access a report by clicking the 'View report' links. You can then also download and print copies of the reports which will be available for the whole of the year once issued.

My Settings

Use the 'My Settings' tab at the top right of the site to notify the school of changes to your contact details. You can also change your login password on this page.
